BELIEVE IT OR NOT

ISLAND

CHALLENGE-ISLAND.COM

Take a deep breath and dive into the most mind-blowing, jaw-dropping, eye-popping island ever! You and a STEAM Team of friends will take on unbelievable engineering challenges inspired by zany, wacky, wild, 100% True facts! From amazing animals to extreme sports from epic earthquakes to outer space from breathtaking rescues to crazy competitions - Believe It or Not Island is sure to be an all-time record breaker!

Week One: July 3rd @ 2:00-3:00

Experience the *Slimy Spaghetti Tree* challenge, where students explore the wonders of viscosity and discover the secrets behind the slimiest spaghetti tree!

Week Two July 10 @ 2:00-3:00

Wild and Crazy Great Cheese Chase

Check out this unbelievable STEAM experience that has kids building Plinko games together to reenact a real-life annual Cheese Chase extravaganza in Gloucester, England.

Week Three: July 24 @ 2:00-3:00

Ring of Fire Restaurant

Shake, rattle and sushi roll into STEAM learning in this one of a kind earthquake adventure set along the Pacific Ring of Fire. STEAM teams build shake tables to simulate different strength earthquakes and are challenged to open their own Japanese restaurants and design furniture that can withstand a major shake up!

Week Four: July 31st @ 2:00-3:00

Emperor Penguin Pop

During this cool field trip, students travel to Antarctica to learn about the life cycle and adaptations of Emperor Penguins. They explore predators and prey and work with their STEAM Teams to design and construct a "Penguin Pop" Rube Goldberg launch system. Can they help Mama penguin escape from the predators lurking in the icy ocean waters so she can return home to her penguin family with lots of good things to eat?

Week Five: August 7 @2:00-3:00

Spectacular Skateboard Park

Get ready to shred at Spectacular Skateboard Park, where students dive into the world of skateboarding legends like Tony Hawk and Sky Brown. STEAM Teams will unleash their creativity as they design and craft their very own skateboards, putting their personal flair and style into each deck. But the fun doesn't stop there! Teams will put their engineering skills to the test as they construct custom skateparks complete with half pipes, ramps, bowls, and more.
