**ELBA, N. Y.
HOW TO USE THE DIAL TELEPHONE**

ELBA CALLS

1. Obtain the number from the directory. For example, 2652.
2. Remove the receiver and listen for dial tone—a steady humming sound.
3. Then place your finger in the hole over the figure "2" and turn the dial around until your finger strikes the stop.
4. Remove your finger and without touching the dial allow it to return to its original position.
5. In the same manner dial the figures "6", "5" and "2."

Listen for the RINGING SIGNAL, an intermittent burring sound which indicates that the called telephone is being rung.

If the called telephone is busy, you will hear instead the BUSY SIGNAL, a rapid buzz-buzz-buzz, quicker and louder than the ringing signal.

If you are having any difficulty in dialing a call, due either to lack of knowledge concerning how to dial or to repeated failures to get the number called, dial "Operator" and explain the circumstances to her.

ALL OTHER CALLS

On all EMERGENCY (fire, police or state trooper) calls, dial "Operator" and be sure to give exact location of the emergency.

For OUT OF TOWN, INFORMATION OR REPAIR SERVICE calls, dial "Operator."

TO PARTY LINE USERS

ALWAYS LISTEN BEFORE STARTING TO DIAL TO BE SURE THAT THE LINE IS NOT IN USE.

All parties whose telephone numbers have the same first three digits are on the same line. For example, 2652 and 2657 are on the same line.

To call another party on your line, dial "9," then dial the last digit of your number followed by the last digit of the party you are calling. For example: suppose your number is 2652 and you wish to call 2657. You should dial "9," "2" and "7," and THEN REPLACE YOUR RECEIVER.

Your telephone bell as well as that of the called party will ring. You will hear either the called party's ring or your own ring. When the called party answers, your bell will stop ringing. Then remove your receiver and talk.

To stop your bell ringing in case the called party does not answer, remove your receiver for a short period and then replace it.
